## Learn To Draw! – Ages 7-14

Please join us for a fun class where you will learn to create drawings that you never thought possible! Learn skills that will allow you to draw animals, people, landscapes, and cool abstract designs. This class is designed to build confidence in drawing skills for students of all levels. Working hard to overcome challenges, feeling proud of accomplishments, and developing unique personal style are encouraged as we create amazing drawings. During this 12-week course students will have the opportunity to complete 3-4 finished drawings. Students will focus on ways to hold their drawing charcoal, make marks, and create drawings that look 3D. We will also have an art show on the last day of class, March 22<sup>nd</sup> from 3:45-4:45pm so students can show their work to friends and family!
